BULL AND FEMALE SALE

Continuing a Legacy

ANGUS
LAND & CATTLE

Wednesday
NOVEMBER 8
◆ 2023 ◆

AT THE VENUE NORTH OF
Seneca, Missouri

AT THE FARM | 4586 JUTE ROAD | SENECA, MO 64865

welcome

All of us here at 2S Angus are truly thankful that you have decided to join us for our 2023 Bull and Female Sale! As most of you know, running and organizing a sale like this is no small task. And that is really just the tip of the iceberg. Our team has been working extremely hard for the last 6 years trying to build a solid Registered Angus herd here in SW Missouri that can perform with our environment.

We are very focused on cattle that not only perform, but excel in multiple traits that enhance sound maternal qualities, longevity, and sustainability, while still performing on the rail with superior carcass traits. While blending all the traits is almost impossible, some cow families are getting it done right here in fescue country, and we are building a program around these cattle!

Please study our sale offering close and feel free to reach out with any questions, we look forward to seeing you November 8, 2023 at noon for a great day of cattle, and friends!

GMC BLACKCAP ELLSTON J2 2002 Donor Dam of Lots 4-5, 19-23

GMC Blackcap Ellston J2 2002 97 \$M, 8 \$EN, 328 \$C

This donor is an important part of 2S Angus and is a cornerstone for our progress forward. She is a maternal sister to the great Hoover No Doubt whose impact on the breed was massive. Her sire has an even more impressive maternal legacy in the breed and the combination covers so many important details of the business that's hard to improve. She is one of the very few top 18% \$EN cows who can still get to top 5% for \$B and top 1% for \$C. An improver of efficiency, foot quality and carcass quality. This pedigree is one to dive into if you ask us. We have been so busy flushing this female we have regrettably never taken the time to photo this awesome donor. Come see her on display sale day.

MISS BLACKCAP ELLSTON J2

GMC Blackcap Ellston J2 2002 is a cornerstone of 2S Angus and is completing the task of fescue of efficiency and maternal excellence with all the extras as well. She has been an excellent producer and are willing to part with four embryos by the popular new young sire J Trademark who was the \$165,000 purchase of Coleman and Conley. A bull with a distinctly different data set and pedigree.

The Blackcap J2 is one of the top phenotype cows of any age or category. Very long and feminine pattern with a wedge shape opening up to a deep backside, J2 and her daughter 2002 are ones you can just watch in the pasture all day.

2S Erica of Seneca H4 is the next layer of donor power here that is the best combination of data and phenotype of any T220 daughter we have found. She is in the top 1% for every value index except for \$G where she is in the top 2%. H4 is the ultimate complete package for us and will see big things to come from her. This is just a initial offering of genetics by H4, none of which have been released before.
